# Report of Independent Registered Public Accounting Firm

To the Member and the Board of Directors *The GMS Group, LLC* 

#### **Opinion on the Financial Statements**

We have audited the accompanying statement of financial condition of The GMS Group. LLC, (the "Company"), as of December 31, 2017, and the related notes (collectively referred to as the "financial statement"). In our opinion, the statement of financial condition presents fairly, in all material respects, the financial position of the Company, as of December 31, 2017, in conformity with accounting principles generally accepted in the United States of America.

#### **Basis for Opinion**

This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statement based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) ("PCAOB") and are required to be independent with respect to the Company in accordance with U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement, whether due to error or fraud. Our audit included performing procedures to assess the risks of material misstatement of the financial statement, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statement. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statement. We believe that our audit provides a reasonable basis for our opinion.

Magais USA LLP

We have served as the Company's auditor since 2003.

The accompanying notes are an integral part of this financial statement.

### 1. Nature of Operations

The GMS Group, LLC (the "Company") is a wholly owned subsidiary of GMS Group Holdings Corp. ("Holdings"). The liability of the member for the losses, debts and obligations of the Company is generally limited to its capital contributions. The Company is a full service broker-dealer registered with the Securities and Exchange Commission ("SEC") and the Financial Industry Regulatory Authority, specializing primarily in buying, selling and underwriting municipal securities. The Company is also a state registered investment advisor and an SEC registered municipal advisor.

The Company clears all of its securities transactions through Pershing LLC, a subsidiary of The Bank of New York Mellon Corporation (the "Clearing Broker"), on a fully-disclosed basis. The Clearing Broker is the primary source of short-term financing for the Company. The payable to the Clearing Broker primarily represents amounts due in connection with the financing of proprietary positions and is collateralized by the securities inventory of the Company. The securities inventory is held and may be pledged by the Clearing Broker. The Company is responsible for payment of certain customer account debit balances, as defined in the clearance agreement.

The Company transacts business with customers located throughout the United States of America.

# 2. Summary of Significant Accounting Policies

#### **Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results may differ from those estimates.

#### Revenue Recognition

Proprietary securities transactions and related revenues and expenses are recorded on a trade date basis. Commissions and related expenses are also recorded on a trade date basis. Underwriting, investment banking, interest and financial advisory revenues are recorded when the activity is reasonably expected to be completed, income is reasonably determinable, and collectability is reasonably assured.

# Securities Owned and Securities Sold, Not Yet Purchased

Securities owned, and securities sold, not yet purchased, are recorded on a trade date basis and are carried at fair value, or at amounts that approximate fair value as determined by management. The resulting unrealized gains and losses are included in principal transactions revenue.

### Furniture, Equipment, Leasehold improvements, Depreciation, and Amortization

Furniture and equipment are stated at cost less accumulated depreciation. Leasehold improvements are stated at cost less accumulated amortization. Depreciation of furniture and equipment is computed using the straight-line basis over the estimated useful lives of the related assets which range from five to seven years. Amortization of leasehold improvements is computed over the lesser of the estimated useful life of the asset or the remaining lease term. Maintenance and repair costs are expensed as incurred.

#### **Income Taxes**

The Company is organized as a limited liability company and has elected to be disregarded as a separate entity for U.S. income tax purposes. Accordingly, no provision for federal income taxes is required in the Company's financial statements for the year ended December 31, 2017. State income taxes are reported for states that do not recognize limited liability status and accordingly, a provision for state income taxes is reflected in the Company's financial statements. The Company is no longer subject to U.S. federal and state income tax examinations for years before 2014.

The Company has adopted the authoritative guidance under ASC No. 740, "Income Taxes" relating to accounting for uncertainty in income taxes. This standard prescribes a more-likely-than-not threshold for financial statement recognition and measurement of a tax position taken by the Company. As of December 31, 2017, the Company determined that it had no uncertain tax positions which affected its financial position and its results of operations or its cash flows, and will continue to evaluate for uncertain ax positions in the future.

#### **Advertising Costs**

Advertising costs are charged to expense as incurred.

MAR 0 1 2018

Washington DC d 408

# 3. Securities Owned, and Securities Sold, Not Yet Purchased

At December 31, 2017, securities owned, and securities sold, not yet purchased consist of trading securities at fair value as follows:

		Owned	ld, not yet urchased
State and municipal obligations U.S. Government obligations	\$	38,865,927 2,798	\$ 6,932
Corporate stocks & equity securities		2,425,153	97,252
Corporate and other debt	_	2,458,819	 343,356
	\$	43,752,697	\$ 447,540

# 4. Furniture, Equipment and Leasehold Improvements, Net

Furniture, equipment and leasehold improvements consist of the following:

Furniture	\$ 115,452
Equipment	336,415
Leasehold improvements	 120,711
-	572,578
Accumulated depreciation and amortization	 (447,090)
	\$ 125,488

# 5. Related Party Transactions

The Company makes non-interest bearing advances to employees. At December 31, 2017, the Company had \$81,713 of advances to employees. All of the advances are currently due.

The Company provides loans to certain employees who meet certain sales thresholds. The loans are due one year from date of issuance and are forgiven on the due date if the employee is currently employed by the Company, or if the employee has become disabled or has died. For the year ended December 31, 2017, the balance of these loans amounted to \$0.

The Company and Holdings maintain a bonus stock purchase program that allows certain eligible employees to purchase stock in Holdings.

#### 6. Commitments and Contingencies

#### Litigation, Regulatory Matters, and Other

In the ordinary course of business, the Company (a) has been named as defendant or codefendant in a number of lawsuits, including arbitration proceedings, some of which involve claims for damages in substantial or unspecified amounts and (b) is the subject of certain regulatory inquiries. Although the ultimate outcome of the foregoing lawsuits, arbitrations, and regulatory inquiries cannot be predicted with certainty, in the opinion of management, the outcome of these matters is not expected to have a material adverse effect on the Company's financial condition. During 2017, litigation settlement payments of approximately \$43,500 were made.

In September 2010, the Company renewed its agreement for clearing services with its Clearing Broker. Termination of this agreement prior to September 1, 2018 would result in a fee payable by the Company to the Clearing Broker of \$1,700,000, should the agreement be terminated.

#### Leases

The Company occupies office space and uses equipment under various non-cancelable operating leases, some of which are subject to escalation charges based on increases in real estate taxes and other operating expenses, expiring at various dates through 2025. Future annual minimum rental payments due are as follows:

Year Ending December 31,	Amount
2018	\$ 1,264,825
2019	842,804
2020	603,392
2021	477,908
2022	264,928
Thereafter	<u>271,104</u>
	<u>\$ 3,724,961</u>

# 7. Net Capital Requirements

The Company is subject to the Uniform Net Capital Requirements of Rule 15c3-1 of the SEC (the "Rule"), which require a broker-dealer to have at all times sufficient liquid assets to cover current indebtedness. In accordance with the Rule, the broker-dealer is required to maintain defined minimum net capital at the greater of either \$250,000 or 1/15 of aggregate indebtedness, as defined. At no time may the ratio of aggregate indebtedness to net capital exceed 15 to 1.

At December 31, 2017, the Company had net capital of \$25,705,138, as defined, which exceeded its required net capital of \$295,705 by \$25,409,433. At December 31, 2017, the Company had aggregate indebtedness of \$4,435,566. The ratio of aggregate indebtedness to net capital was 0.17 to 1.

#### 8. Fair Value of Financial Instruments

The Company accounts for its financial instruments at fair value, which is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three broad levels is explained below:

Level 1 Valuations based on unadjusted quoted prices in active markets for identical assets or liabilities that the Company has the ability to access. Valuation adjustments are not applied to level 1 securities. Because valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these securities does not entail a significant degree of judgment.

Level 2 Pricing inputs are other than used in level 1 which include the closing bid price for unlisted marketable securities, which are available in active or inactive markets for identical investments or liabilities, other direct or indirect observable inputs that can be corroborated by market data or the use of models or other valuation methodologies as of the reporting date. Investments which are generally included in this category include state and municipal obligations in an active or inactive market that are valued using observable inputs other than quoted prices.

Level 3 Pricing inputs are unobservable for the investment and include situations where there is little, if any, market activity for the investment. The inputs into the determination of fair value require significant management judgment or estimation. Investments that are included in this category generally include state and municipal obligations which are in an inactive market and valued utilizing risk assumptions based on unobservable inputs.

The following are the major categories of assets and liabilities measured at fair value on a recurring basis and summarized by the fair value hierarchy as described above, as of December 31, 2017.

December 31, 2017.					
	Classification	Total	Level 1	Level 2	Level 3
Description					
State and municipal					
obligations	Asset	\$38,865,927	<b>\$</b> -	\$38,865,927	_
U.S. Government	1 10000	Ψ50,005,727	Ψ -	\$50,005,727	_
obligations	Asset	2,798		2 700	
C	Asset	2,790	-	2,798	-
Corporate stocks and equity					
securities	Asset	2,425,153	2,424,034	1,119	-
Corporate and other debt	Asset	2,458,819	-	2,458,819	-
Total owned	Asset	\$43,752,697	\$2,424,034	\$41,328,663	
<u>Description</u>	Classification	<u>Total</u>	Level 1	Level 2	Level 3
State and municipal					
obligations	Liability	\$ (6,932)	\$ -	\$ (6,932)	<b>\$</b> -
U.S. Government	<b>y</b>	<del>+ (-,)</del>	~	4 (3,500)	•
obligations	Liability	_	_	<u>:</u>	_
Corporate stocks and equity					
securities	Liability	(97,252)	(97,252)		
	•	• • •	(97,232)	(2.42.250)	-
Corporate and other debt	Liability	(343,356)		(343,356)	
Total sold, not yet					
purchased	Liability	\$(447,540)	\$(97,252)	\$(350,288)	\$ -

The following table discloses a reconciliation of investments at measured fair value on a recurring basis using significant unobservable inputs (level 3):

	<u>Total</u>	State and municipal obligations	
Beginning balance, December 31, 2016	\$ 282,382	\$ 282,382	
Sales	-	-	
Redemption	-	-	
Transfer into level 3	-	-	
Adjustment to Market Value	(282,382)	(282,382)	
Ending balance, December 31, 2017	<u>\$</u>	<u>\$</u>	

It is the policy of the Company to recognize transfers between levels at year end. There were no transfers between levels 1 and 2 during the year ended December 31, 2017.

Fair values for assets and liabilities in level 2 are calculated using quoted market prices for securities in markets that are not active. Fair values for assets and liabilities in level 3 are calculated using assumptions about the value of the underlying assets and projected income streams. There were no changes in the valuation techniques during the current year.

#### **Ouantitative information about level 3 Fair Value Measurements**

	Fair Value t 12/31/201	Valuation 17 Techniques	Unobserved Input	Range (Weighted <u>Average)</u>
State and Municipal obligations	s \$0	Liquidation Approach	Recovery Rate	0%

#### 9. Defined Contribution Plan

The Company sponsors a defined contribution plan under Section 401(k) of the Internal Revenue Code. The plan covers substantially all of the Company's employees and provides for participants to defer salary up to maximum statutory limitations. The Company matches certain employee contributions up to 50% of the first 10% of the employee's salary deferral contributed to the plan. The total Company match amounted to \$71,576 for 2017.

# 10. Off-Balance-Sheet Risk and Concentration of Credit Risk

The Company clears all transactions with and for customers on a fully disclosed basis with the Clearing Broker and promptly transmits all customers' funds and securities to the Clearing Broker who carries all of the accounts of such customers. These activities may expose the Company to off-balance-sheet risk in the event that the customer, contra-party, and/or Clearing Broker is unable to fulfill its obligations.

In the normal course of business, the Company enters into transactions in various financial instruments with off-balance-sheet risk. These financial instruments include securities sold, not yet purchased, which represent obligations of the Company to deliver specified financial instruments at contracted prices, thereby creating an obligation to purchase the financial instruments in the market at prevailing prices. Accordingly, these transactions result in off-balance-sheet risk, as the Company's ultimate obligation may exceed the amount recognized in the accompanying statement of financial condition.

The uncertain financial market could adversely affect the Company's business. The Company seeks to control off-balance-sheet risk by monitoring the market value of securities held in compliance with regulatory and internal guidelines.

In the normal course of business, the Company may have cash at banks in excess of federally insured limits and is exposed to the credit risk resulting from this concentration of cash.

The Company has an inventory concentration of 25% in municipal bonds of various issuers within the Commonwealth of Puerto Rico, of which a total of 2% is the Commonwealth's general obligation bonds, 15% is Sales Tax dedicated revenue bonds, 6% is Puerto Rico Electric Power Authority (PREPA) revenue bonds, and 2% Puerto Rico Highway and Transportation.

#### 11. Recently Issued Accounting Pronouncements

In May 2014, the FASB issued ASU 2014-09, Revenue from Contracts with Customers (ASC 606) which affects the revenue recognition of entities that enter into either certain contracts to transfer goods or services to customers or certain contracts for the transfer of nonfinancial assets. The update indicates an entity should recognize revenue in an amount that reflects the consideration the entity expects to be entitled to in exchange for the goods or services transferred by the entity. The Company adopted ASC 606 effective January 1, 2018 and has determined that no adjustments are required related to the implementation of ASC 606.

In February 2016, the FASB issued ASU 2016-02, Leases, which creates ASC 842, Leases. This guidance requires a lessee to account for leases as finance or operating leases. Both types of leases will result in the lessee recognizing a right-of-use asset and a corresponding lease liability on its statement of financial condition. The new guidance will be effective for the Company beginning January 1, 2019, with early adoption permitted. The Company expects to record a right-of-use asset and related lease liability upon the adoption of ASU 2016-02.

#### 12. Subsequent Events

In January 2018, the Company made loans to employees who met certain sales thresholds totaling approximately \$1,941,000.
